Town Meeting to Share & Discuss with Interested Residents Ideas About Water Quality in the Hamlet*

When: Saturday June 27th at 9:00 AM

Length: The meeting is expected to last between sixty but no more than ninety minutes.

Discussion: The need for a new town of Forest Well.

Residents' comments on water quality issues.

Residents' inputs on water concerns for their homes and businesses.

Residents' input and thoughts about pluses and minuses of being connected to a municipal well in town, if possible, versus individual resident wells.

Other comments and concerns about the town's drinking water and residents' wells.

This will be a properly noticed meeting of the Town board. Please join the board to discuss your concerns and to learn about the possibilities relating to the Town and the residents' water.

*The town's "hamlet" is generally considered the area along Highway 64 and County Road D where there is a density of homes. Papas and the feed mills are in this area also.
